SELLAT

PROOF OF EXISTENCE CERTIFICATE **EXAMPLE**

pedido-ejemplo.json

REGISTERED IN SELLAT ON

05 OCT 2026

09:30:00 UTC

This certificate attests that the file with the SHA-256 fingerprint below existed exactly as it is at the moment recorded. Any change to the file, however small, produces a different fingerprint.

This PDF does not include the original file, only its SHA-256 fingerprint.

VERIFY ANYTIME

`https://sellat.app/examples/pedido-ejemplo.json`

CERTIFICATE ID

`00000000-0000-4000-8000-0000000e1042`

PUBLIC ANCHORS

This certificate is a demonstration. There is no real proof behind it, so it has no public anchors and no certificate page.

HOW TO CHECK IT

1. Check it yourself: download pedido-ejemplo.json at sellat.app/examples/pedido-ejemplo.json and compute its fingerprint (sha256sum pedido-ejemplo.json). It must match the one below.

TECHNICAL DATA

DIGITAL FINGERPRINT SHA-256
